

# **Annals of Mathematics Electronic License Agreement Terms and Conditions**

## **1. Scope of License**

### **Subscribing Institution Use Restrictions**

The license includes authorization by means of the subscribing institution's IP addresses to allow site-wide online access by authorized users via multiple connections. If a proxy server is being registered for access, the subscribing institution agrees to maintain the security of the access by authenticating authorized users before allowing use of the proxy to any remote or on-site user.

“Authorized Users” are employees, faculty, staff, or students officially affiliated with the subscribing institution and authorized on-site patrons of the subscriber's library facilities. “Sites” may be academic or nonacademic. For academic institutions, different campuses are considered different Sites even if they are within the same city. Departments or libraries of the same campus are considered part of the same Site. For nonacademic institutions, Sites are defined as geographically separate units, even if they are within the same city. Each branch, office, or laboratory is a different Site.

This subscription entitles Authorized Users to access the Annals of Mathematics electronic journal by multiple connections to:

- a. make searches of the Annals of Mathematics electronic journal to which they subscribe;
- b. make one or more hard copies of the output of any search; such copies may not be sold and may not be distributed to anyone who is not an Authorized User; and
- c. download search results, provided that such data is not made available to anyone who is not an Authorized User. Authorized Users who do download articles must maintain all copyright and other notices on the articles.

The downloading of an entire journal issue or complete journal volume in a systematic fashion is strictly prohibited. Automated searching or downloading, by use of scripted searches, robots, spiders, crawlers, or otherwise, is also prohibited.

The subscriber will make best efforts to ensure that access to and use of the Annals of Mathematics is limited to Authorized Users. The subscribing institution shall be responsible for its Authorized Users' use.

An Authorized User or subscribing institution may not make the Annals of Mathematics electronic journal available to anyone other than another Authorized User, whether by telephone and/or internet link or permitting access through his or her terminal or computer, or by other similar or dissimilar means or arrangements.

The subscribing institution will make best efforts to maintain security and monitor all use (including unauthorized use) from its respective Site and to communicate the terms of the license

to their users. The subscribing institution agrees to cooperate with the Annals of Mathematics in any investigation of unauthorized access or use. The Annals of Mathematics will ordinarily consult the subscribing institution before bringing action against an Authorized User.

Authorized Users will be bound by the limitations stated in any copyright statement or terms of use posted from time to time on the Annals of Mathematics website, except to the extent (if any) that such provisions may be inconsistent with the express terms of this license.

Electronic transmission of individual journal articles for interlibrary loans is permitted, consistent with Section 108 of the Copyright Act of the U.S. and within the CONTU guidelines unless, as a purpose or effect of such, the library receiving such copies does so in such quantities as to substitute for a subscription. Interlibrary loans are restricted to academic libraries for educational purposes.

## **2. Term and Fees**

This Agreement will last through the end of the calendar year in which the subscription first becomes effective. This Agreement is signed and will remain in effect thereafter for successive calendar years so long as annual subscription fees are paid. Either party may terminate this Agreement, effective on the next renewal date, by at least 30 days written notice to the other party.

The annual fee for this subscription may be raised by written notice to the subscriber. The fee for each year this Agreement is renewed must be paid on or before the renewal date or the renewal will be invalid.

## **3. Support**

The Annals of Mathematics will provide the subscriber with email and/or telephone support service during the Annals of Mathematics' normal business hours (Monday-Friday, 9:00am to 4:30 p.m., ET). The email address for support questions is [annals@math.princeton.edu](mailto:annals@math.princeton.edu); the telephone number for support is 1-609-258-4191.

## **4. Copyright**

The Annals of Mathematics electronic journal and its content are subject to copyright, database protection, and other rights of the publisher (the Annals of Mathematics) under the laws of the United States and the country of use.

The subscriber acknowledges that it has no claim to ownership by reason of its use of or access to the Annals of Mathematics electronic journal. Downloading of data is permitted solely for subscriber's internal use to the same extent as the printed version of the publication.

Recompiling, publication or republication of the data, or any portion thereof, in any form or medium whatsoever, may be done only with specific written permission from the Annals of Mathematics.

Nothing in this Agreement is intended to limit in any way whatsoever Authorized User's rights under the Fair Use provision of United States or international law to use the Licensed Materials.

## 5. Suspension or Termination of Access

The Annals of Mathematics reserves the right to suspend and/or terminate access to the Annals of Mathematics electronic journal without prior notice if the subscribing institution or subscribing individual, or any Authorized User violates any term of this Agreement. The Annals of Mathematics will ordinarily seek to contact the subscriber to provide notice of such violation in advance of suspension/termination. Any use of the electronic journal beyond the scope of the License or any fraudulent, abusive, or otherwise illegal activities may be grounds for termination of access. The foregoing includes but is not limited to activity that may burden the Annals of Mathematics' server(s), such as computer programs that automatically download content, commonly known as robots, spiders, crawlers, wanderers or accelerators.

## 6. Disclaimer of Warranties

- a. The Annals of Mathematics has made and will make good faith efforts to ensure that the Annals of Mathematics electronic journal is complete and accurate. However, the Annals of Mathematics does not warrant completeness or accuracy, and does not warrant that the subscriber's use of the Annals of Mathematics electronic journal will be uninterrupted or error-free, or that the results obtained will be useful or will satisfy the subscriber's requirements.
- b. The Annals of Mathematics warrants that it is entitled to grant the licenses outlined in this Agreement. **The Annals of Mathematics makes no other warranties or representations of any kind, expressed or implied, including but not limited to warranties of merchantability or fitness for a particular purpose.**
- c. The subscriber will be permitted to access the Annals of Mathematics electronic journal at any time. The Annals of Mathematics will not be liable for any delay, down time, or other failure of performance, but will use reasonable efforts to correct any performance problem brought to its attention.
- d. The Annals of Mathematics will not be responsible for incidental, consequential, or any other damages arising out of or in connection with the service or materials provided hereunder.
- e. The subscriber assumes the sole responsibility for all use of the Annals of Mathematics electronic journal and agrees to indemnify and hold harmless the Annals of Mathematics, Princeton University, and their officers, employees, trustees, agents and representatives, from and against any liability or claim that results from such use.

## 7. General

a. This Agreement constitutes the entire agreement of the parties and supersedes any prior communication between the parties with respect to the subject matter hereof. Only a written instrument signed by both parties may amend it. Without limitation of the foregoing, any purchase order or other instrument that the subscriber may issue for the Annals of Mathematics electronic journal is for the subscriber's internal purposes only and will in no way modify, add to or subtract from the terms and conditions provided herein.

b. The subscriber may not assign or transfer its rights under this Agreement.

c. This Agreement will be governed by the laws of the State of New Jersey applicable to agreements entered into and fully performed in the State of New Jersey. Any action arising out of or relating to this Agreement or the Annals of Mathematics electronic journal may be brought in courts only situated in New Jersey, and the parties consent to the jurisdiction of such.

**In addition to paragraphs 2 through 7 above, an individual subscriber further agrees to the following:**

### **Scope of License**

#### **Individual Subscriber Use Restrictions**

The subscription includes one (1) User-ID and a password to allow online access from any Site by the Authorized User.

This subscription entitles an individual subscriber to access the Annals of Mathematics electronic journal to:

a. make searches of the Annals of Mathematics electronic journal to which they subscribe

b. make one or more hard copies of the output of any search; such copies may not be sold and may not be distributed to anyone who is not an Authorized User; and

c. download search results to hard disk or diskette, provided that such data are not made available to anyone who is not an Authorized User.

d. Individual subscribers who do print articles must maintain all copyright and other notices on the printed articles.

The downloading of an entire journal issue or complete journal volume in a systematic fashion is strictly prohibited.

An individual subscriber may not make the Annals of Mathematics electronic journal available to anyone whether by telephone link, Internet connection, or by permitting access through his or her terminal or computer, or by other similar or dissimilar means or arrangements.

The subscriber is solely responsible for all security, and all use (including unauthorized use), of the subscriber's User-ID and password.

## Annals of Mathematics Electronic License Agreement

Annals of Mathematics, Fine Hall-Washington Road, Princeton University, Princeton, NJ 08544, USA. Fax: 1-609-258-1367 Phone: 1-609-258-4191.

By this Agreement, the Annals of Mathematics grants a revocable license to subscribe on the Internet to the Annals of Mathematics, subject to the terms and conditions set forth in the previous paragraphs, all of which are hereby agreed to between the Annals of Mathematics and the subscriber.
